Subject: Template for WY IT Briefing Paper
LRS settlement offer briefing paper for Janet 1-25-16.docx

Hi Adam – Please use the attached briefing paper as a template for the RA/DRA and OAR briefings regarding settlement discussions with WY for ozone IT. You don't need to include the sections for "Better than BART Analysis" or "Consideration of SO2 Reduction ..." from the attached. Please include a section on Legal Vulnerabilities. I'm not sure yet if we need options or "considerations."

We now have an RA briefing set for November 6th. I would like to have whatever sections we can drafted in the paper before our Oct 30-31 call with WY.

Can you fill in the Purpose, Background, Summary and send that to Scott and me for a first review by the end of next week (keep the header with a new date)? After our quick look we can ask OAQPS, ORC, OGC to review and add the Legal portion.

Thanks.
